

Date 14<sup>th</sup> March 2026

**CIRCULAR**

This is to inform all faculty members and concerned staff that the FIMT School of Management is organizing an International Conference on *“Civilizational Knowledge, Economic Transformation and Contemporary Innovation: Redefining Development in the 21st Century”* on 10th & 11th April 2026.

The conference aims to provide a platform for academicians, researchers, scholars, policymakers, and industry experts to deliberate on contemporary issues related to civilizational knowledge, economic transformation, technological innovation, governance, sustainability, and inclusive development.

Sub-Themes of the Conference:

1. Indian Knowledge Systems and Civilizational Thought
2. Economic Transformation in the 21st Century and Technology
3. Innovation and Human-Centric Development
4. Governance, Law and Public Policy in a Disruptive Era
5. Inclusive Growth and Social Equity
6. Indigenous Knowledge and Sustainable Development
7. Entrepreneurship, Leadership and Ethical Business
8. Interdisciplinary Dialogue: Bridging Tradition and Modernity

All faculty members are requested to extend their cooperation and actively contribute towards the successful organization of the conference. The details regarding organizing committees and specific responsibilities will be communicated shortly.
